## Welcome note from the Principal's desk...

**Dr. Navajyoti Sarmah**

**A**s the first Principal of Pandit Deendayal Upadhyaya Adarsha Mahavidyalaya, Amjonga, Goalpara, I welcome and extend my warm wishes to one and all. With the support of a dedicated staff (teaching as well as non-teaching) and the assistance of local inhabitants—whose intellectual and general growth is our primary focus—I hope, or rather, know that we would achieve and set many milestones in the coming years. It is our inability to provide state-of-the-art facilities that compels youngsters to move outside the state. PDUAM, Amjonga strives to fill in this gap. Let us all work together keeping in mind the need for quality education in science and technology. By our consistent efforts and hard work, let us give our students an institute that they would, one day, be proud to call their alma mater. We are fortunate and grateful enough for the introduction of ARTS Stream from the academic session of 2023-24 onwards by the Govt. of Assam. The college at present offers HS course in both Science and Arts and Four Years Under Graduate Programme (FYUGP) in Science and Arts under the Gauhati University. The college has been aiming at catering an overall development and growth of its students, ever since its inauguration in August, 2017 by the then Hon'ble Education Minister and the present Chief Minister of Assam, Dr. Himanta Biswa Sarma. The college has been organising various significant events and programmes such as Teacher's Day, Freshman's Social, Annual College Week, Saraswati Puja, Republic Day, National Science Day, World Environment Day, International Women's Day, celebration of Rongali Bihu with active participation of the students, teaching and non-teaching staff, parents and guardians and local inhabitants. We have been successfully organising various Certificate/Short- Term Skill-Based Courses for the greater interest and indulgence of our students. Our students have excelled in cultural, literary and sports events in the National, State and inter- District level competitions and have brought accolades to the institution. The Students' Union body actively organise various student related programmes and activities and the NSS Unit has been functioning in full-fledged manner. We are opening NCC Unit very shortly for the overall growth and advancement of the students.

The college has now a beautiful campus with modern and well-equipped Science Laboratories, Central Library, Smart Classrooms, Gymnasium, Health Centre, Girls' Hostel and PG for Boys to strengthen the college infrastructure and student support activities. We have published two issues of the PDUAM News Bulletin and a peer-reviewed international Research Journal is under the process of publication. We have been actively organising various seminars, workshops, popular talks for the welfare and progress of both the teachers and students from time to time. We have signed MoUs with many prestigious academic institutions, organisations for various student related programmes and activities which have been beneficial and pioneering indeed. We are hopeful to widen up the horizon of learning, impart knowledge and education for the students in coming days. A new academic building is under construction which will be available from the coming academic session to cater the growing need of the college with new classrooms. We are also setting up a permanent canteen in the college campus.

I thank our students for trusting us enough to place their futures in our hands. Dear student friends, it is ambition that propels one to action—set your goals high and work accordingly. As is said, always aspire for the moon and even if you fail, don't worry, you would fall among the stars. We sincerely assure you a compatible academic atmosphere in the college through quality and value-oriented education.

It is earnestly hoped to see many years of glory with PDUAM, Amjonga. Thank you.
